NEW YORK, NY

## THE JAMES

**Why It's On Here:** One of the best skyline views in the city *and* you get to watch very attractive people using the outdoor showers. Those not wishing to look like perverts can pretend to read a guest-curated, waterproof e-reader.

**When You Should Be There:** Every Saturday and Sunday starting at 3pm for their JIMMY Summer Weekend Pool Party, when the pool and rooftop club, JIMMY, mesh into one, glorious, custom frozen-cocktail-serving, David-Burke-catered super soirée.

**Access:** Hotel guests only, but the public can get in on action during those aforementioned pool parties.
